

COMMUNITY WORKSHOP INVITATION

HIDDEN VALLEY REGIONAL PARK MASTER PLAN UPDATE

Thursday, December 16

4:00pm-6:30pm*

Rosewood Lakes Nature Study Area

*This is an Open House Workshop. Please come any time to provide your input.
There will be a brief presentation at 5:30pm.

BACKGROUND

Washoe County Regional Parks and Open Space is collaborating with the community and Stantec to update the Master Plan for **Hidden Valley Regional Park** located in Washoe County approximately 2-3 miles south of Interstate-80 and 1 mile east of Veteran’s Parkway.

We are requesting your participation at an **in-person community workshop** to review the results of the community survey and get feedback on preliminary master plan concept alternatives. We are currently exploring different options for how/where the community’s priority improvements could be laid out on the site. We want to hear from you about how the concepts are coming along and get your feedback on how they can be improved so we can recommend a preferred alternative in early 2022.

HOW TO PARTICIPATE

Please **meet at the Rosewood Lakes Nature Study Area Building** at the time/date above (see map at right).
6800 Pembroke Dr, Reno, NV 89502

Sincerely,

Sophia Kirschenman
Park Planner
